Architecture in Detail Graham Bizley,2008 This book is a collection of detailed studies of recent construction projects that will help all architects learn and expand the possibilities of their own work. Projects have been selected for their use of innovative techniques, and these insights could help overcome problems, reduce a project's cost, speed up work on site or help with an idea that is hard to achieve. Each project within the book consists of striking detailed drawings, supplemented by color photographs and explanatory text. These details are an excellent way to see how others are using new materials and techniques that may be relevant to an architect's own work. It can seem daunting for a student, or even a qualified architect,

to see high-quality, interesting buildings when the project or daily workload is a lot more humdrum. This book demystifies construction and spreads knowledge of good practice. The author is well known as he has a biweekly feature in Building Design, the UK's most read magazine by architects. The projects have been carefully selected from those published and have been adapted and expanded to create a really useful reference.

The Human Cloud Matthew Mottola,Matthew Douglas Coatney,2021-01-26 Empower yourself with the knowledge to keep up with the rapidly changing technical world of work, as two workforce productivity and technology experts lay out a clear picture of the?coming?revolution?in how work is done and how jobs are shaped. If you listen to the news, robots are coming for your job. Full-time employment will soon be a thing of the past as organizations opt more to hire employees on a contract basis.?With technological advances across email, video, project management, and instant messaging platforms, being tied to a desk working full time for one company is becoming obsolete. So, where does that leave you? The Human Cloud may be the most important book you read to prepare for how work is done in the future. In these pages, human cloud technologist Matthew Mottola and AI expert Matthew Coatney help you not only clearly understand the transition you see happening around you, but they will also help you take advantage of it. In The Human Cloud, Mottola and Coatney inform you about topics including: How employees and employers will be able to take advantage of the new automated and freelance-based workplace. How they will be able to take advantage of the new technology disruptions the machine cloud will create. Why the changes employees and employers are seeing aren't the projection of doom that many are predicting. How to navigate the coming job marketplace. By replacing fear with knowledge, you will better understand how this shift in employment is a good thing, be equipped to embrace the positive?advantages new technology brings, and further secure how your own job is shaped so you are never left behind.

Value Proposition Design Alexander Osterwalder,Yves Pigneur,Gregory Bernarda,Alan Smith,2015-01-28 The authors of the international bestseller Business Model Generation explain how to create value propositions customers can't resist Value Proposition Design helps you tackle the core challenge of every business — creating compelling products and services customers want to buy. This highly practical book, paired with its online companion, will teach you the processes and tools you need to create products that sell. Using the same stunning visual format as the authors' global bestseller, Business Model Generation, this sequel explains how to use the "Value Proposition Canvas" to design, test, create, and manage products and services customers actually want. Value Proposition Design is for anyone who has been frustrated by new product meetings based on hunches and intuitions; it's for anyone who has watched an expensive new product launch fail in the market. The book will help you understand the patterns of great value propositions, get closer to customers, and avoid wasting time with ideas that won't work. You'll learn the simple process of designing and testing value propositions, that perfectly match customers' needs and desires. In addition the book gives you exclusive access to an online companion on

Strategyzer.com. You will be able to assess your work, learn from peers, and download pdfs, checklists, and more. Value Proposition Design is an essential companion to the ″Business Model Canvas″ from Business Model Generation, a tool embraced globally by startups and large corporations such as MasterCard, 3M, Coca Cola, GE, Fujitsu, LEGO, Colgate-Palmolive, and many more. Value Proposition Design gives you a proven methodology for success, with value propositions that sell, embedded in profitable business models.

The Art of Opportunity Marc Sniukas,Parker Lee,Matt Morasky,2016-05-02 Innovate your way toward growth using practical, research-backed frameworks The Art of Opportunity offers a path toward new growth, providing the perspective and methods you need to make innovation happen. Written by a team of experts with both academic and industry experience—and a client roster composed of some of the world's leading companies—this book provides you with the necessary tools to help you capture growth instead of chasing it. The visual frameworks and research-based methodology presented in The Art of Opportunity merge business design thinking and strategic innovation to help you change your growth paradigm. You'll learn creative and practical methods for exploring growth opportunities and employ a new approach for identifying what "opportunity" looks like in the first place. Put aside the old school way of focusing on new products and new markets, to instead applying value creation to find your new opportunity, craft your offering, design your strategy and build new growth ventures. The changing business ecosystem is increasingly pushing traditional thinking out to pasture. New consumers and the new marketplace are demanding a profound adjustment to the way companies plan and execute growth strategies. This book gives you the tools to create your roadmap toward the new state of growth, and gain invaluable insight into a new way of thinking. The Art of Opportunity will help you to: Start looking at business growth from a new perspective Create value for the customers, company and ecosystem Innovate strategically and design new business models Develop a new active business design thinking approach to innovation Your company's goal is to grow, and to turn non-customers into customers. The old ways are becoming less tenable and less cost-effective. The Art of Opportunity outlines the new growth paradigm and gives you a solid framework for putting new ideas into practice.

Starting a Successful Blog When You Have No Clue! - 7 Steps to Wordpress Bliss... A Sassyzengirl Guide,Gundi Gabrielle,2015-11-07 Teaches the reader how to start a blog with no prior experience.

Hoosiers and the American Story Madison, James H.,Sandweiss, Lee Ann,2014-10 A supplemental textbook for middle and high school students, Hoosiers and the American Story provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America's westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America.

Indiana's stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

Wordpress. La guida completa Bonaventura Di Bello,2019-03-15T00:00:00+01:00 La prima guida a WordPress che integra, in una panoramica esaustiva in grado di toccare ogni aspetto fondamentale di questo strumento, contenuti di approfondimento che si sono sviluppati online e che spesso è difficile reperire con semplici ricerche sui motori. Questa seconda edizione abbraccia l'evoluzione inarrestabile del CMS che ha cambiato e sta cambiando il volto del Web, grazie alla sua missione di rendere sempre più democratico il processo di pubblicazione dei contenuti digitali. WordPress infatti non è più soltanto sinonimo di blogging, ma viene utilizzato ormai per pubblicare e gestire siti internet di ogni tipo, da parte di privati, professionisti, istituzioni, media e persino grandi aziende. Una nuova edizione che, coadiuvata da numerosi approfondimenti sul sito dedicato (wpgc.it), è stata integrata per la prima volta da una guida a 360 gradi ai plugin di WordPress, che da sempre costituiscono lo strumento chiave per espandere le possibilità di impiego del CMS. Come sempre, l'interazione con i lettori è incoraggiata e facilitata attraverso il sito, i profili e le pagine social che l'autore utilizza per segnalare aggiornamenti e novità, o' rendo così la possibilità di mantenere nel tempo la validità delle informazioni presenti nel volume.

Results Bruce A. Pasternack,Gary L. Neilson,2005-10-18 Every company has a personality. Does yours help or hinder your results? Does it make you fit for growth? Find out by taking the quiz that's helped 50,000 people better understand their organizations at OrgDNA.com and to learn more about Organizational DNA. Just as you can understand an individual's personality, so too can you understand a company's type—what makes it tick, what's good and bad about it. Results explains why some organizations bob and weave and roll with the punches to consistently deliver on commitments and produce great results, while others can't leave their corner of the ring without tripping on their own shoelaces. Gary Neilson and Bruce Pasternack help you identify which of the seven company types you work for—and how to keep what's good and fix what's wrong. You'll feel the shock of recognition ("That's me, that's my company") as you find out whether your organization is: • Passive-Aggressive ("everyone agrees, smiles, and nods, but nothing changes"): entrenched underground resistance makes getting anything done like trying to nail Jell-O to the wall • Fits-and-Starts ("let 1,000 flowers bloom"): filled with smart people pulling in different directions • Outgrown ("the good old days meet a brave new world"): reacts slowly to market developments, since it's too hard to run new ideas up the flagpole • Overmanaged ("we're from corporate and we're here to help"): more reporting than working, as managers check on their subordinates' work so they can in turn report to their bosses • Just-in-Time ("succeeding, but by the skin of our teeth"): can turn on a dime and create real breakthroughs but also

tends to burn out its best and brightest • Military Precision ("flying in formation"): executes brilliant strategies but usually does not deal well with events not in the playbook • Resilient ("as good as it gets"): flexible, forward-looking, and fun; bounces back when it hits a bump in the road and never, ever rests on its laurels For anyone who's ever said, "Wow, that's a great idea, but it'll never happen here" or "Whew, we pulled it off again, but I'm tired of all this sprinting," Results provides robust, practical ideas for becoming and remaining a resilient business. Also available as an eBook From the Hardcover edition.

The Year Without Pants Scott Berkun,2013-08-20 A behind-the-scenes look at the firm behind WordPress.com and the unique work culture that contributes to its phenomenal success 50 million websites, or twenty percent of the entire web, use WordPress software. The force behind WordPress.com is a convention-defying company called Automattic, Inc., whose 120 employees work from anywhere in the world they wish, barely use email, and launch improvements to their products dozens of times a day.
