**Jessica Carey**

Dear Data Giorgia Lupi, Stefanie Posavec, 2016-09-13 Equal parts mail art, data visualization, and affectionate correspondence, *Dear Data* celebrates the infinitesimal, incomplete, imperfect, yet exquisitely human details of life, in the words of Maria Popova (Brain Pickings), who introduces this charming and graphically powerful book. For one year, Giorgia Lupi, an Italian living in New York, and Stefanie Posavec, an American in London, mapped the particulars of their daily lives as a series of hand-drawn postcards they exchanged via mail weekly—small portraits as full of emotion as they are data, both mundane and magical. *Dear Data* reproduces in pinpoint detail the full year's set of cards, front and back, providing a remarkable portrait of two artists connected by their attention to the details of their lives—including complaints, distractions, phone addictions, physical contact, and desires. These details illuminate the lives of two remarkable young women and also inspire us to map our own lives, including specific suggestions on what data to draw and how. A captivating and unique book for designers, artists, correspondents, friends, and lovers everywhere.

*Mean Baby* Selma Blair,2023-05-09 Selma Blair has played many roles: Ingenue in *Cruel Intentions*. Preppy ice queen in *Legally Blonde*. Muse to Karl Lagerfeld. Advocate for the multiple sclerosis community. But before all of that, Selma was known best as ... a mean baby. In a memoir that is as wildly funny as it is emotionally shattering, Blair tells the captivating story of growing up and finding her truth. Blair is a rebel, an artist, and it turns out: a writer.—Glennon Doyle, Author of the #1 New York Times Bestseller *Untamed* and Founder of Together Rising The first story Selma Blair Beitner ever heard about herself is that she was a mean, mean baby. With her mouth pulled in a perpetual snarl and a head so furry it had to be rubbed to make way for her forehead, Selma spent years living up to her terrible reputation: biting her sisters, lying spontaneously, getting drunk from Passover wine at the age of seven, and behaving dramatically so that she would be the center of attention. Although Selma went on to become a celebrated Hollywood actress and model, she could never quite shake the periods of darkness that overtook her, the certainty that there was a great mystery at the heart of her life. She

often felt like her arms might be on fire, a sensation not unlike electric shocks, and she secretly drank to escape. Over the course of this beautiful and, at times, devastating memoir, Selma lays bare her addiction to alcohol, her devotion to her brilliant and complicated mother, and the moments she flirted with death. There is brutal violence, passionate love, true friendship, the gift of motherhood, and, finally, the surprising salvation of a multiple sclerosis diagnosis. In a voice that is powerfully original, fiercely intelligent, and full of hard-won wisdom, Selma Blair's *Mean Baby* is a deeply human memoir and a true literary achievement.

*Vintage Toys* Jim Bunte, Dave Hallman, Heinz Mueller, 2000 This volume focuses on tin toys manufactured from World War I through to the 1970s, telling a story of toy-making impacted by focuses as divergent as changes in technology and the outbreak of war.

Empowering Student Researchers Bethanie Pletcher, Faye Bruun, Rosa Banda, Krystal Watson, Angela Perez, Alissa Mejia, 2021-10-05 This yearbook is a project of the Consortium for Educational Development, Evaluation and Research (CEDER), the research and development arm of the College of Education and Human Development at Texas A&M University-Corpus Christi. With this edition of the CEDER Yearbook, the editors wished to support student researchers as emerging scholars. Participating in research projects entails many benefits for students, including the onboarding of new teaching methods and strategies, becoming a reflective practitioner, engaging in a different model of professional learning, learning how to behave like a researcher, improving writing skills, and pursuing further degrees. Collaboration between faculty members and students (often teacher or pre-service teacher researchers) is critical (Brew, 2013; Johnson, 2000; Ries, 2018). Strickland (1988) posits that teacher researchers need to be engaged in every step of the research process and allowed to take ownership of the work. It should be thought of as helping to create lifelong researchers, for if students are properly trained, prepared, and supervised, the student-faculty collaboration can be a memorable and successful experience. It may even inspire the career goal of a future professor or two (Fenn, 2010, p. 259). The call for proposals asked for empirical, conceptual and theoretical contributions to the area of research conducted by students. Personal Perspectives and Research Focus of students include the following categories: Culture, International Students, Men of Color, Teaching, Doctoral Students, Latino/a Culture, STEM, LBGTQ, Policy and Administration, Student Faculty, and Curriculum. The intended audience for this yearbook includes educators, decision-makers, policymakers, and leaders within faculty and student development programs as well as international student departments. A call for proposals was issued to a variety of universities and professional organizations. Two hundred and sixty-four articles from a total of 217 authors representing 72 universities were submitted. Those blinded articles were distributed to a panel of reviewers. Each article was seen by two reviewers and the editors of the yearbook. The editorial team selected 21 articles for inclusion in this yearbook.

They must get clever, of course! *The Three Witty Goats Gruff* preserves the fun and charm of the beloved original, *Three Billy Goats Gruff*, while adding a new spin to this cautionary tale. *Hide and Seek* Tauheedah Shakur,2020-12-05 *Hide and Seek* explodes the boundaries of what we are taught poetry is, has been or should be, much in the same way Tauheedah's poetry itself subverts all that we are taught the world is, has been or can be. *Hide and Seek* is a blueprint- one that is universal, but at the same time deeply personal and personalizable. It is a blueprint for imagining, creating and embodying a world built on infrastructures of care that exclude no one. It is an invitation to imagine and therefore to create a world where Black femmes and queer siblings will be safe, and where all people will be free from exploitation, because the land will be free from exploitation as well.
