The One Page Business Plan Jim Horan, James T. Horan, Jr., 1998 The One Page Business Plan is the new way to business plan. This innovative process cuts the fluff and filler of traditional business plans and gets the essence of any business onto one page. Traditional business plans remain one of the most difficult documents for any business owner to write, until now. The innovative One Page Business Plan TM removes the mystique and terror of business planning so that any business owner can write a comprehensive business

The Writing Revolution Judith C. Hochman, Natalie Wexler, 2017-08-07 Why you need a writing revolution in your classroom and how to lead it The Writing Revolution (TWR) provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, The Writing Revolution can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities The Writing Revolution is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.

Designing Microlearning Carla Torgerson, Sue Iannone, 2019-12-31 Learn to Create Effective Microlearning Microlearning is an essential tool that talent development professionals can use to fully engage their learners and tackle organizational performance needs. How do you know if the microlearning approach is successful? And what works? In Designing Microlearning, the newest volume in ATD's What Works in Talent Development series, experts Carla Torgerson and Sue Iannone answer these and other questions including: Why choose microlearning for your learners and organization? How do you determine your approach and then execute the implementation? How do you demonstrate success? Where do you go once you've started? This guide for practitioners covers the four main uses for microlearning: preparation before a

learning event, follow-up to support a learning event, stand-alone training, and performance support. It introduces MILE, the MicroLEarning Design model, which outlines the details of creating a microlearning resource or program. Discover how to identify performance objectives; determine program technology and structure; create or select resources; promote what you designed; and monitor, modify, and evaluate it. Included are case studies, tips, and resources, as well as more than 20 job aids, checklists, and worksheets. Samples consist of: an assessment of your organization's readiness and compatibility for microlearning a worksheet to guide the design of your microlearning a tool for aligning your microlearning measurement and evaluation efforts a communication plan for sharing key information with learners, managers, and stakeholders.

Traffic Secrets Russell Brunson, 2023-07-25 Now in paperback, master the evergreen traffic strategies to fill your website and funnels with your dream customers in this timeless book from the \$100M entrepreneur and co-founder of the software company ClickFunnels. If you have an existing business, then Traffic Secrets is like throwing gasoline on the fire! — Daniel Rosen, founder and CEO of Credit Repair Cloud The biggest problem that most entrepreneurs have isn't creating an amazing product or service; it's getting their future customers to discover that they even exist. Every year, tens of thousands of businesses start and fail because the entrepreneurs don't understand one essential skill: the art and science of getting traffic (or people) to find you. Russell Brunson, CEO and co-founder of the multimillion-dollar software company ClickFunnels, reveals the classic and foundational direct marketing techniques that will allow you to be at the front of new trends, see opportunities that are invisible to most everyone else, and master emerging tactics before most people even know they exist.

With step-by-step instructions to master multiple traffic sources, Brunson reveals the market-tested strategies for: Understanding exactly who your dream customer is Discovering where they are congregating Throwing out the hooks that will grab their attention and pull them into your funnels so you can tell them a story and make them an offer. Don't wait for people to come to you. Implement these evergreen traffic strategies now so you can find your people and focus on changing their world with the products and services that you sell.

AASHTO Transportation Asset Management Guide American Association of State Highway and Transportation Officials, 2011 Aims to encourage transportation agencies to address strategic questions as they confront the task of managing the surface transportation system. Drawn from both national and international knowledge and experience, it provides guidance to State Department of Transportation (DOT) decision makers, as well as county and municipal transportation agencies, to assist them in realizing the most from financial resources now and into the future, preserving highway assets, and providing the service expected by customers. Divided into two parts, Part one focuses on leadership and goal and objective setting, while Part two is more technically oriented. Appendices include work sheets and case studies.

Great Webinars Cynthia Clay, 2012-02-07 Great Webinars Great Webinars provides a profoundly practical and easy-to-follow template for creating and facilitating stimulating webinars that engage learners as active participants, while creating the kind of energetic 'buzz' that is the hallmark of successful learning experiences. The book is sure to benefit both seasoned instructors and subject matter experts who are new to teaching. I sure wish this book had existed when I began conducting webinars back in the mid 1990s. Carol Willett, former chief learning officer, US Government Accountability Office Not only has Cindy Clay put the adult learning principles into practice, she has created an approach to the design, development and delivery of a virtual workshop that is potentially more engaging than being face-to-face. Great Webinars captures all the essentials to creating a great on-line learning experience. . . . Thanks to the lessons learned in this book, we can now move full speed ahead with our e-learning strategy and I can now feel confident we will be teaching versus simply reaching our customers. Karen Pacent, director, Learning and Leadership Development, United States Tennis Association Great Webinars is written in a smart, authentic, practical, sassy, and easy-to-follow way. It reminds us to bring our participants' experience front and center if we want them to be enthralled, and the learning environment to be enriched. Cynthia Clay lets her own students tell us what is wrong with the current use of webinars and then proceeds to teach us how to build 'em better. It's like having her sit beside you saying, 'Don't worry . . . I'll get you there.' And she does. How to Teach Beverley E. Crane, 2017-09-01 How to Teach: A Practical Guide for Librarians is designed for librarians and other educators who must instruct library patrons on subjects ranging from research skills to understanding and using electronic tools to providing self-paced instruction. This book provides public, academic, school, and special librarians with

practical applications based on theoretical approaches to adult learning; instructional design principles to help them plan, deliver, and assess learning; examples and model lessons illustrating face-to-face instruction and online training; and descriptions and step-by-step instructions showing them how to create self-paced materials to complement their teaching. Ready-to-use, customizable worksheets; handouts; and evaluation forms serve as models. Exercises in each chapter reinforce its content. URLs identify additional ideas and materials from librarian colleagues to enhance teaching.

Webinars For Dummies Sharat Sharan, John Carucci, 2014-06-23 Gather an audience from around the globe with webinars Webinars For Dummies takes the guesswork and uncertainty out of webinar creation. Written by John Carucci under the guidance of webinar technology company ON24, the book provides a roadmap for creating a webinar that effectively communicates to the audience without boring them to sleep. Webinars For Dummies gives you the insider's perspective on techniques that have been proven effective time and again. Webinars are becoming increasingly common as a way for businesses to connect with customers and partners without distance being a factor. Whether they take the form of a live presentation, a PowerPoint slideshow, or a combination of both, the beauty of the webinar is that it can be archived and viewed again after the initial set presentation. But this feature also adds a burden to the webinar creator, as the presentation must be understood outside of the live context. Creating what is essentially an archival presentation means considering a host of factors surrounding both content and organization. Webinars For Dummies includes all the information your business needs to start creating custom webcasts, including: A webinar overview, and how to determine your need, budget, and available tools Topic selection, script creation, graphic production, and marketing Creation advice, including live troubleshooting and how to handle viewer questions Archiving tips, and how to integrate webinars into a marketing plan You'll also find special tips for effective production and marketing, tips for readying yourself for the webinar, and case studies that illustrate successful webinar techniques. Modern business is rarely localized, and webinars are an effective way to communicate live, on a global scale. Webinars For Dummies helps you ensure your business doesn't get left behind.

Million Dollar Coach Taki Moore, 2016-11-06 Million Dollar Coach is the must-have resource for coaches. Increase the income you earn, work when and how you want, watch your clients get incredible results..... and become empowered to live a life of massive personal freedom. Million Dollar Coach is designed to shift these issues you may be experiencing such as: * Too many coaches hit an income ceiling, and never make the kind of money (or the kind of impact) that they are capable of. They get stuck at one of the 3 plateaus: Survival, Stability or even Success * Most coaches blame themselves, and try to work on their MINDSET - But nothing changes because it's not your mindset that's the problem. It's the MODEL that needs to change. * The model that you bought into when you started your coaching business is completely unscalable (Manual prospecting to get a few leads, followed by one-to-one selling and dealing with objections, excuses and stalls... and time-for-money coaching so there's never any time for you). * For the last 5 years, the author has been working with a select group of coaches, taking them from Stability to Success and Scale. Taki Moore has a very new approach and he shares the very best of what is working for them to become a Million Dollar Coach. This book is essential reading for coaches of all types and experience-levels and is of particular value for anyone looking to start a coaching business to short cut growing pains and quickly rise to become a Million Dollar Coach.

Mastering the Rockefeller Habits Verne Harnish, 2023-09-20 A Detailed Roadmap for Companies at Various Stages of Development on How to Get to the Next Level. Leaders and employees of growing firms want ideas and tools they can implement immediately to improve some aspect of their business. Verne Harnish, serial entrepreneur, advisor, and venture investor, brings to business leaders the fundamentals that produce real wealth—the same habits that typified American business magnate John D. Rockefeller's disciplined approach to business. Harnish masterfully intertwines the legendary business philosophy of Rockefeller with lessons to be learned from ten extraordinary organizations. Aiming to empower present-day business leaders, this remarkably successful book includes invaluable lessons from real-world case studies. A

treasure trove of practical situations teeming with insights and actionable recommendations, *Mastering the Rockefeller Habits* will help you unlock the secrets to scaling up your enterprise while simultaneously sidestepping the pitfalls that plague new ventures. From seasoned industry titans to ambitious start-up founders, anyone can swiftly implement these teachings for immediate impact.

Copywriting Secrets Jim Edwards, 2023-06-06 What if you could sell anything to anyone? Nobody is born knowing how to sell. But the truth is, you can learn how to sell more . . . a LOT more . . . when you discover the right words that make people buy. Copywriting is selling. Whether online, offline, in video, direct mail, on Facebook, or from the stage, copywriting is how you put words together that make people click, call, or pull out their wallets and buy from you. Whether you're a coach, author, funnel hacker, e-commerce seller, or real estate agent, your ability to create sales copy that drives people to buy determines your paycheck, your lifestyle, and your family's future. In the fast-paced, attention-starved, social media-driven world of business today, two facts about your ability to create sales messages (copywriting) stand out: Fact #1: Great Copywriting = Incredible lifestyle, plenty of money, and freedom! Fact #2: Poor Copywriting = Struggle forever and die poor! Putting The Right Words On Paper And Online Is The Single Most Profitable Skill Everyone Can Learn. This book teaches you street-smart copywriting, which means this book teaches you how to get results today. (Because we all need to make more sales today . . . not tomorrow, not next week!) If you've tried to write ads, emails, and sales letters for your business before and failed, this book is for you. If you need to make more sales -- no matter what you sell or who you sell it to -- this book is for you. Bottom Line: If you want to make a lot more money, have a lot more time off, and enjoy a lot more freedom, this book is for you . . . especially if you're not making as many sales as you want to right now.
